

OPEN LAGOS

By: Ishan, Latika, Dirichi

One day John Smith was walking to school. He saw broken electricity wires on one of the poles. He wanted to let the concerned authorities know about this, but he didn't know how.

**Mrs. Smith , grandmother of John met with an accident while crossing the road as there was no zebra crossing in her area.
But she had nobody to complain to.**

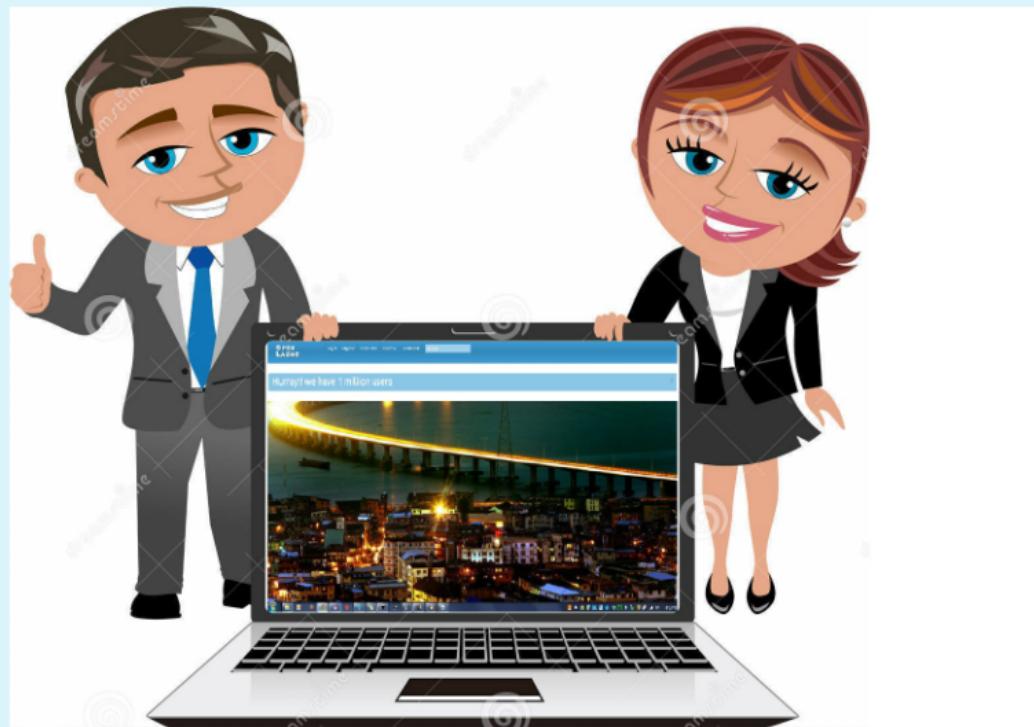

**Accident happened on 3rd main land bridge
because of the damage in bridge.**

**We don't know whom to approach, where to complain.
Nobody listens.**

Wait!! We have Open Lagos. Its an open government service through which you can bring your issues in notice of concerned authorities.

A very simple registration process.

OPEN LAGOS

**Now let's see how
things take place
on government's
end.**

The screenshot shows a web application titled "OPEN LAGOS". The top navigation bar includes links for "Open Data", "About Us", "Contact Us", and "Search". On the left, a sidebar menu lists "MINN", "Feed", "MY PROFILE", "+ Add official", "Assigned Issues", "Department Ideas", and "Change Password". The main content area is titled "Home Assign Issues" and contains a section for "Assign issues to officials". It shows two items under "Unassigned Issues":

- Aug. 18, 2013, 10:45 p.m.** **Tree Maintenance**
Lots of people have cut trees in my area in recent time. This area has a depletion of trees now. But the local people are now trying to make it green again, please help us with proper tools, techniques and idea, also it would be helpful if we can get some crown trees to plant here in order to make the area green soon.

Tree Maintenance

Lot of people have cut trees in my area in recent time. This area has a depletion of trees now. But the local people are now trying to make it green again. Please help us with proper tools, techniques and labor. Also it would be helpful if we can get some grown trees to plant here in order to make the area green soon.

The screenshot shows a web application interface for managing community issues. At the top, there's a blue header bar with the 'OPEN LAGOS' logo, navigation links for 'Open Data', 'About Us', 'Contact Us', and a search bar. Below the header, the URL 'official-street' is visible in the address bar.

The main content area has a sidebar on the left with options like 'MAIN', 'Feed', 'MY PROFILE', 'My Issues', and 'Change Password'. The main panel displays a list of issues under the heading 'Issues assigned to official-street'. The list includes columns for 'Title', 'Description', 'Assigned On', 'Votes', and 'Actions'.

One issue listed is: "My grandmother met with an accident as there is no zebra crossing on John street. Request you to take necessary actions for the safety of pedestrians." It was assigned on Aug. 20, 2015, and has 0 votes. The 'Actions' column contains two buttons: a green one labeled 'Seen' and an orange one labeled 'Dashed'.

Below the list, it says 'Showing 1 to 1 of 1 entries' and features navigation buttons for 'Previous', 'Next →', and a page number '1'. To the right, there's a sidebar titled 'Hot Issues' listing other community concerns like 'Electricity wires broken' and 'Uneven side walk'.
